

FULTON COUNTY TRIBUNE.

County Auditor 1-1-19

VOL. XXXVII NO. 28

WAUSEON, OHIO, FRIDAY, OCTOBER 15, 1920

\$1.50 PER YEAR

FIRST JURY-WOMEN

New Record Made in History of Fulton County Courts.
Three Women Called to Serve on Grand Jury For
October Term of Common Pleas Court.

The grand jury for the October term of Common Pleas Court which held its session last Monday will go down in the history of legal procedure in Fulton County as the beginning of a new era in the conduct of courts of justice in this county. Three women were called by the Court to serve on the grand jury all three responded to the call, one was excused because it was found that she must appear later as a witness in a case and two served on the jury with credit to themselves and in a manner maintaining the dignity of the American jury system.

For one reason or another three of the jurymen drawn for the grand jury failed to qualify for service and the Court ordered the Sheriff to call women to fill the vacancies. Mrs. Mary Hunt, Mrs. Florence Maddox and Mrs. Clara McQuillen were called and all responded for service and so will go down on the records as the first women to serve on a jury in Fulton County.

It was found that Mrs. McQuillen was needed as a witness before the jury and consequently was disqualified for service on this jury. Mrs. Hunt and Mrs. Maddox served and according to the prosecuting attorney their service was just as satisfactory as was the service of the men who served with them on the jury.

Six cases were presented to the jury, seven witnesses were examined four indictments were returned and two cases were ignored. The jury made the customary investigation of the county jail and found the conduct and condition of that institution perfectly satisfactory and in accordance with all legal requirements.

The petit jury which was to have met next Monday have been notified that they need not appear on that date. They will be called when needed.

WILLIAM PULTZ

Mr. William Pultz who for more than fifty years has been a resident of Fulton County and who during that period has been serving the people of the county as a foundryman, passed away from the home of his son Charles Pultz, Friday, October 8th at the age of 80 years, 4 months and 8 days, just 18 months to a day from the date of the death of his wife.

William Pultz was born in Behrenberg, Germany May 30th 1840; he came to the United States, April 9th 1862, going first to St. Louis, Mo., and later going to Cincinnati, Ohio.

On May 9th, 1862 just one month after landing in this country he enlisted in the Union Army. It was his desire to enlist in the Volunteer Army of the North whose cause against slavery he espoused, but he could not understand the language of the country of his adoption nor could he very well make himself understood, in consequence his enlistment was in the 15th U. S. Cavalry, Regular Army with the rank of private. He served during the remainder of the Civil War.

In 1868 he came to Wauseon and a few years later met Elizabeth Ann Biery to whom he was united in marriage, May 7th 1872.

Soon after their marriage Mr. and Mrs. Pultz removed to Toledo where they made their home for a period of eight years. Returning to Fulton County they made their home in Archbold for a time also in Pettisville. During the later years of their lives their home has been in Wauseon.

Six children were born to them, five of whom survive, the sixth having died in infancy. The surviving children are Louis, Philip, Charles and Mrs. John Woodard all of Wauseon and Mrs. John M. Loucks of Toledo. Besides these children Mr. Pultz leaves one sister living in Germany, seven grandchildren and a large circle of friends and neighbors who will cherish his memory.

Funeral services conducted by Rev. Frank E. Kenyon were held at the home of Mr. and Mrs. Charles Pultz on Depot Street last Monday afternoon. Members of Lodore Post G. A. R. acted as pall bearers and the flag under which he served during the Civil War fittingly covered the casket which held the remains of a loyal American soldier.

Interment was made in Wauseon cemetery.

Card of Thanks
We desire to thank all those who ministered in any way to our comfort at the time of the death of our father, William Pultz, also the singers who gave the service of song at the funeral services and for the flowers and automobile service.

The Children
"Is this America or Russia?" - C. W. America, thank God! Where the Autocratic Methods of neither a Lenin, a Trotsky or a Woodrow Wilson can long prevail.

CONDENSED AND EVAPORATED MILK

Report from Bureau of Markets U. S. Department of Agriculture Declines in Prices, Decrease in Exports and Increase in Stocks Force Closing of American Factories in Effort to Curtail Production.

During the past two months the condensed and evaporated milk market has steadily been getting into worse shape and now has reached a critical stage with many manufacturers.

Export business which stimulated increased production during the war and the building of many new factories is now at a standstill. Companies which have been exporting have put their stocks on the domestic market, flooding it with goods which are offered at cut-rate prices in order to get their money out of it. Among the factors contributing to a decreased foreign demand is the increased production of foreign countries, which is being offered by Holland, Norway and Denmark in this and other countries at prices below our own.

It is reported that jobbers and wholesale grocers, in expectation of still lower prices, are not taking on any large stocks and are buying mostly for immediate sale to retail trade. The "Tight Money" condition is said to be a factor with many manufacturers and jobbers, causing

them to unload at least a portion of their stocks previously made of high priced sugar at prices below actual cost.

Report of the stocks in hands of manufacturers on September 1st shows that the load carried had increased, while unfilled orders had become practically "nil" on bulk goods and on case goods they were below those of August 1st. Some firms reported their stocks were larger than ever in their history and the bottom had practically dropped out of the market. During September, it has been a serious question in the minds of many manufacturers as to what to do on October 1st, with producers in most sections contending for high prices for milk. Some few manufacturers have offered to co-operate with producers in further manufacturing and holding of stocks until sold, before determining prices to be paid the milk producers. Others announce they will close their factories until the present situation improves. Such action will result in curtailed supply, permitting present stocks to be worked off at prices more satisfactory to holders.

FEED PULLETS FOR WINTER EGG PRODUCTION

Thousands of pullets in Fulton County go into the coops for the winter without sufficient fat stored up in their bodies to make it possible for them to lay steadily throughout the winter.

If the pullets mature early and are fed an egg laying ration so that they begin to lay in September they are quite likely to be thrown into a winter molt do not feed any meat scraps or other animal food which will promote egg production from the time the birds mature until about the last week of October. During this time fatten the pullet as much as possible on corn and wheat, then the latter part of October supply the mash again composed of one-fifth meat scraps and feed lightly of grain so that a large amount of mash will be consumed.

The grain part of the mash is not so important as that one-fifth of it shall be meat scraps or tankage, 100 lbs. of corn meal, 100 lbs. of wheat middlings, 100 lbs. of ground oats and 100 lbs. of meat scraps will make a good mash. Two parts of corn to one of oats, barley or wheat will do for scratch feed.

If skim milk or buttermilk are available the meat scraps may be dispensed with and a dry mash of equal parts wheat bran and middlings may be used with plenty of sour milk to drink, an abundance of oyster shell, grit and pure water are very important.

E. A. Cave, County Agent

REPUBLICAN MASS MEETING

Hon. Wm. H. Boyd of Cleveland who was a delegate to the Republican National Convention at Chicago and who is one of the Republican presidential electors and Hon. Charles J. Thompson of Defiance, candidate for re-election as representative in Congress from the Fifth Ohio District will tour Fulton County Saturday October 16th, addressing meetings at Metamora at one o'clock, at Lyons at three o'clock and Fayette at 7:30 p. m. Mr. Boyd is a stirring and eloquent speaker. Mr. Thompson has some very sound and valuable suggestions to offer the citizens of Fulton County.

Florsheim Shoes for Friday, Saturday, Monday and Tuesday, only \$12.00 a pair. It's a real saving. Harrison & Funkhouser Bros.

MAYOR HARRY L. DAVIS

There have been so many misrepresentations in regard to Harry L. Davis, Republican Candidate for Governor started by those who claim to "know" (or wish they did) that we are moved to print the following extract from the "Ohio Blue Book or Who's Who in the Buckeye State" an Ohio biographical Encyclopedia published in Toledo in 1917.

"DAVIS, HARRY LYMAN: Mayor of Cleveland born Cleveland, Ohio January 25th, 1878; son of Evan H. and Barbara Davis; educated in the Cleveland public schools and night business college. Married Lucy V. Feagan on July 16th, 1902. First employment at the age of 13 in the rolling mills of Newburgh; next with a survey party of the Cleveland Park Board; solicitor for the Bell Telephone Company; Vice-President and General Manager of the Davis Telephone Adjustment Company; Treasurer of the City of Cleveland 1910 and 1911; National Organizer of the Loyal Order of Moose 1912; Connected with Davis and Farley, General Insurance 1913-1915; elected Mayor of Cleveland January 1, 1916. Societies and Clubs: Cleveland Athletic Club; Cleveland Chamber of Commerce; Cleveland Advertising Club; Cleveland Automobile Club; Electric League of Cleveland; Iris Masonic Lodge; Baker Chapter of Masons; Standard Lodge Knights of Pythias; Woodmen of the World; B. P. O. Elks; The Eagles; The Moose; Young Mens Business Club; South End Chamber of Enterprise; Affiliated with Trinity Baptist Church. Home address 4167 East 97th Street Cleveland Ohio."

TRAINED NURSE ADVISES PEOPLE

"I was a great sufferer of stomach and liver trouble and cannot say enough in praise of Mayr's Wonderful Remedy. It has done so much for me and I am recommending it to other sufferers. I was a trained nurse in Marine and other hospitals years ago, therefore many come to me for advice. I certainly received great benefit from Mayr's Wonderful Remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach and intestinal ailments, including appendicitis. One dose will convince or money refunded.

INFORMATION

There is a quantity of literature may be had for the asking at Republican Headquarters on Commercial Street. Miss Kathryn Files is in charge of the room and will give information to women who may call upon her, in the room formerly occupied by the South Side Restaurant.

Florsheim Shoes for Friday, Saturday, Monday and Tuesday, only \$12.00 a pair. It's a real saving. Harrison & Funkhouser Bros.

TO TRAIN NURSES

Women as an Economic Factor Not a Wage Slave is the Standard Set by Toledo Maternity and Childrens Hospital in its Treatment of Nurses and Young Women in Training.

"Woman's work is never done." It is an old adage often used, but it is scheduled for the discard now. The advent of the modern woman, woman who votes and thinks for herself, is changing the ancient order. Woman's work today is being done with neatness and with a dispatch that leaves ample time for rocking chair recreation.

The world is arranging its work schedule to include woman as an economic factor, not a wage slave. Perhaps the most vivid example of this is being seen in the time honored profession of nursing. The modern hospital is being organized to meet the new condition.

In one great middle western institution the new system is being inaugurated. The Maternity and Children's Hospital 1909 Summit Street, Toledo, is the institution. This great hospital, financed and organized through public contributions, has just completed and moved into a new building. Its plant and property are valued at close to one-half million dollars. The eight-hour day for nurses and young women in training is the first innovation introduced by the Board of Directors. The staff will work in three shifts and every girl will have two hours off active duty for every hour she is in active service.

A training school established in connection with the hospital will specialize, of course, in obstetrical training. But through affiliation girls in training will receive the full education in nursing with lectures, clinics and examinations by the leading medical and surgical practitioners of Toledo and surrounding territory.

"Every girl should have her full chance" says Miss Mary E. Yager, Superintendent, "and we are going to see that she gets it when she comes to us for training. She is going to be valuable to us through the work of her head and her hands, and the least we can do is to see that that work is neither too long nor too hard for her. She must have time for rest and study and she must have opportunity for recreation and play."

A girl entering the hospital training school can finish her course in three years and is eligible for the degree of R. N. (Registered Nurse). She receives her board in the Nurses Home free of charge, her laundry is free and she purchases uniform materials at wholesale cost.

After the first three months she receives a monthly allowance of \$20. Daily routine includes eight hours of duty in the hospital. Each nurse has one afternoon off weekly. The Nurses Home in charge of a housekeeper, will make a feature of social functions which will include a monthly dance.

Our training school is open to any girl who is ambitious says Miss Yager, "where a girl is not able to make the small expenditures necessary at the beginning for books and uniforms, we will arrange to finance her. If she wants to learn she is going to learn. Our only requirements are that she shall be healthy, ambitious and shall have at least one year in high school."

A special nursing maid's course is being featured for girls who do not desire the regular training course. This is an intensive training of seven months which includes one month of probation. In this course is taught kindergarten, baby feeding, mixing of foods, hygiene, nursery emergencies, care of laundry and mending of clothes. Board and laundry are furnished free and after the first month an allowance of \$12 per month is made to each girl. Applicants for this course should have a good grade school education.

TEDROW REPUBLICAN CLUB

The Tedrow Republican Club will meet at the W. C. T. U. Hall Tuesday evening October 19th. A good program has been prepared. Speakers from Wauseon will be present. Elizabeth McConkey, Secy.

Evening Worship at 7 p. m.

PAINFUL ACCIDENT

Mr. Cramer Cochran was the victim of an accident that may confine him to his home for some time, last Wednesday morning. Mr. Cochran was picking apples on the Louis Butler farm a mile and a quarter west of Chesterfield centralized school when he fell from a tree to the ground injuring his spine. Dr. Evers of Tedrow was called and gave Mr. Cochran medical attention. The Edgar VanKenseler ambulance brought Mr. Cochran from the scene of the accident to his home in Wauseon.
